## REVITALIZE RURAL NEBRASKA GRANT PROGRAM APPLICATION

- Established per Nebraska Revised Statutes 19-1201 through 1204, this grant program is for the demolition of a dilapidated commercial property(ies).
- It is the applicant's responsibility to ensure all the necessary information is provided for the application to be considered for the competitive ranking.
- Applications must be submitted for each property if they are zoned separately, even if the properties are adjacent.

Note: Depending on an assessment of the dilapidated commercial property, the municipality may also consider applying for a Deconstruction Grant. The NDEE's Deconstruction Grant Program established by the Waste Reduction and Recycling Act, was expanded to include grants for the reimbursement of costs for the deconstruction of abandoned buildings, and to encourage the recycling or reuse of the building's materials.
